

Day 2

Hutchinson Engineering Clinic

Aerodynamics

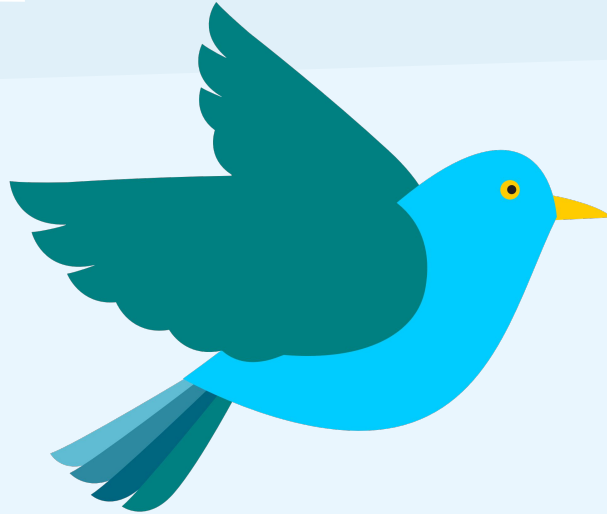

Aerodynamics

Today we will learn about...

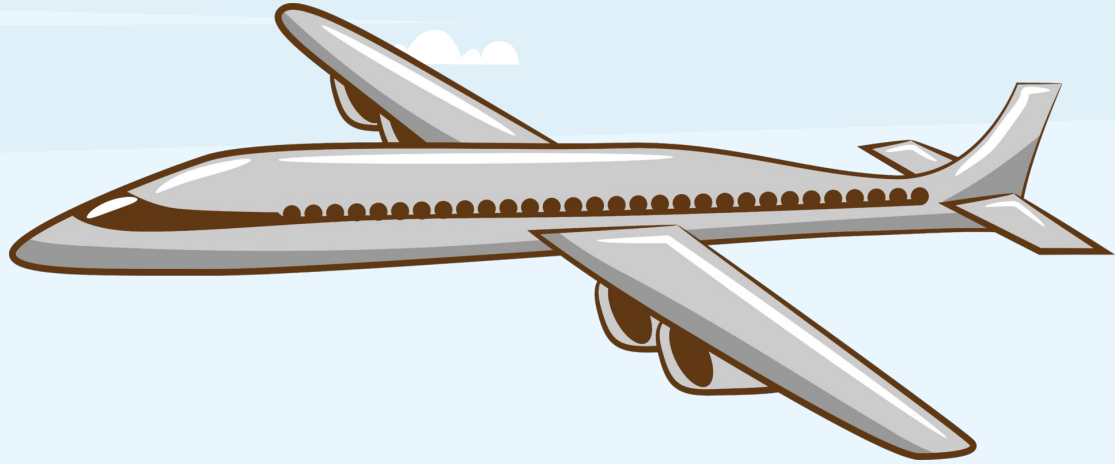

How do things fly?

What does aerodynamics mean?

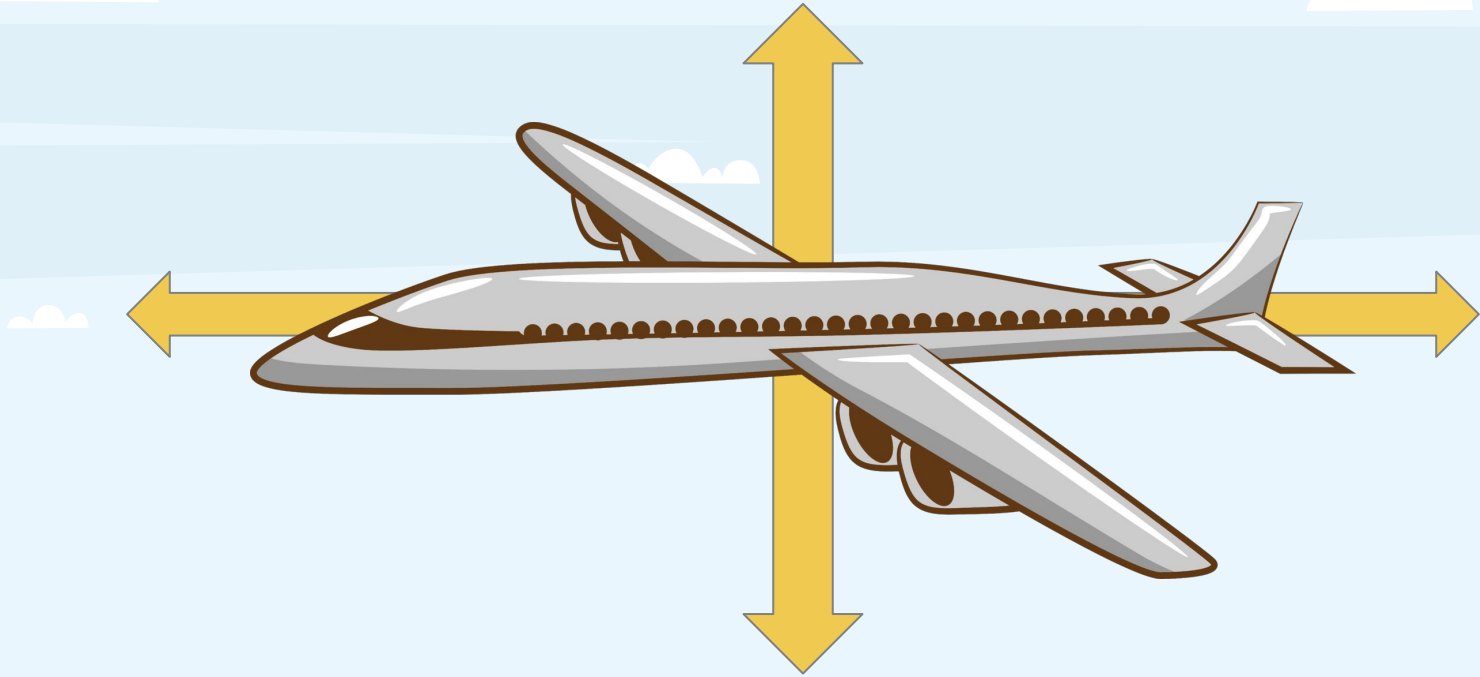

How do they work?

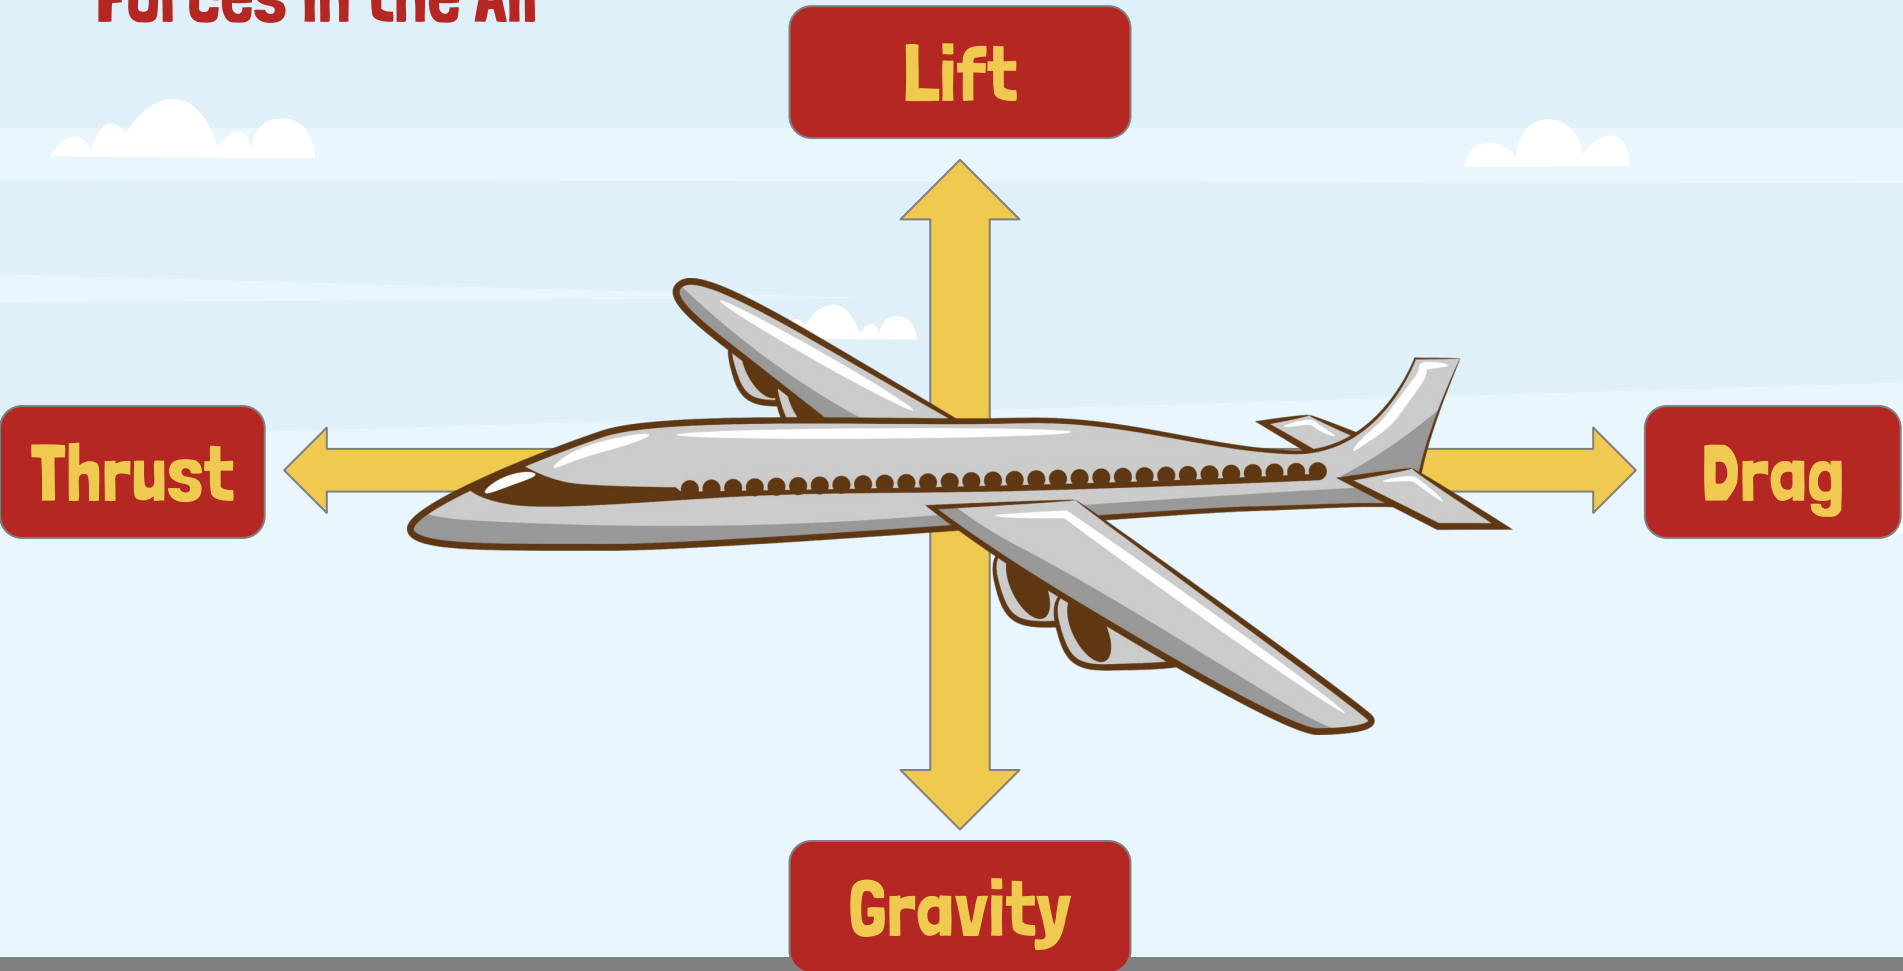

Forces in the Air

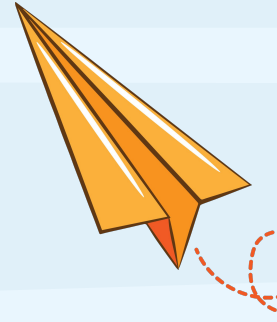

Forces in the Air

Forces in the Air

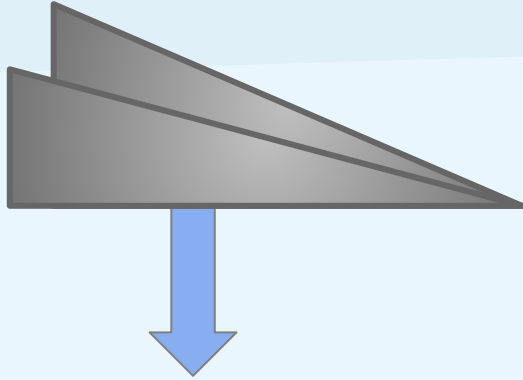

How do Planes Fly?

A stylized illustration featuring a yellow crane on the left, a blue building on the right, and a stick figure hanging from the crane's arm. In the center, a red-bordered box contains the text "Air Force Challenge". The background is a light blue sky with white clouds.

Air Force Challenge

Discuss with your table

Draw your design plan

What worked well?

What didn't work?

How can we fix it?
